

Information regarding coronavirus

28 January 2020

Dear Parents and Guardians

You may be aware of the unfolding international Novel Coronavirus (2019-nCov) situation and the new public safety measures introduced by the Chinese Government.

We have a number families connected to China including some who may have travelled to the region over the summer holidays.

Immanuel Primary School is following official Australian Government health protocols regarding the Novel Coronavirus. Current guidelines clearly state that Australia has well-established mechanisms to ensure people with illnesses travelling into the country are detected at the border.

If any of our families have recently travelled from China to Australia, we would ask that you be aware of current Australian guidelines. The [smart traveller website](#) and [Department of Health website](#) are regularly updated and contain useful information about the coronavirus.

We are closely monitoring the situation, providing support for our families and may change our approach if the need arises. Please do not hesitate to contact the school if you have queries or concerns.

Kind regards

Rebecca Clements
Principal
